NDP ATHLETE DECLARATION FOR DUAL SPORT PARTICIPATION

It is the intention of the athlete named below to participate in two sports during the same season. In order for this to occur the following stipulations must be met:

- 1. The athlete must declare which sport is primary and secondary for participation purposes.
- 2. Approval may be denied because of academic concerns at any time during the sport season. The athlete then will participate in the primary sport only.
- The Head Coaches of each sport must mutually agree to the participation of the athlete in two sports. This may include which event in which the involved athlete may participate.
- 4. Any penalties issued as a result of a violation of the Student-Athlete Code of Conduct will apply to BOTH sports.
- Once a primary and secondary sport is declared, that decision can not be changed without completion of a new dual sport form (all signatures rerequired). If coaches do not agree to the changes, the original form remains in affect.
- 6. Practice and Game/Meet requirements must be established prior to the sport season.
